As used in this rule, the term "Double" is not limited to two, but also encompasses any number greater than one. The Show Secretary shall not knowingly accept any subsequent exhibit which would create a Double Entry. Whenever a Double Entry is created by the decision of a judge in recategorizing an exhibit pursuant to the rules herein, the following procedure shall apply: Prior to the judging of any other exhibits in the affected category, the exhibits constituting the double entry shall be identified and examined by the head Judge; the head Judge shall make a determination as to which of the exhibits constituting the Double Entry is the best under the criteria listed for the affected category; the best exhibit of those comprising the Double Entry will be returned to the show bench, and the other(s) will be disqualified. V. Security

13. Exhibits must not be marked or identifiable in any way, except as specifically provided herein. An example of identifying marks that are not allowed, but not limited to, are labels, signatures,

33. Exhibits and other items not retrieved by the deadline posted for pick-up, shall be deemed abandoned, and shall be donated to the Honey Show Committee for future use or disposal. The sponsoring organization, nor the Honey Show Committee, is not responsible for any items left after the pick-up deadline.

Prizes and Awards

It is the intention that ribbons will be given in all categories even if there is only one entry in the category. Entry into a category does not guarantee an award. In order to receive an award, that entry must be worthy of placement. A Judge may, in his or her sole discretion, make or withhold the award of any given prize(s) or placement(s) in any category over which said Judge officiates. The decisions of the Judges are final.

Exhibitors found willfully cheating, or purposefully altering or disfiguring an entry for the purpose of influencing the validity of judging will be disqualified from the contest, as well as from any future honey shows sponsored by the association/conference for a period of not less than three (3) years.

Appeals

After the announcement of awards, any exhibitor may meet with the category judge to discuss their entry and ask questions. An Exhibitor may appeal the Bench Judge's ruling concerning their own exhibit in instances where the Exhibitor believes the Bench Judge misinterpreted or misapplied a rule in regard to the judging of their exhibit. The Presiding Judge, after hearing both sides and examining the rules and the exhibit at issue may, as he or she deems appropriate, uphold, reverse, or amend the decision,

EXTRACTED HONEY (Category H)

Extracted Honey

Extracted honey is judged in three subcategories: (a) light, (b) medium or amber, and (c) dark. Exhibitors may submit one exhibit in each of these three subcategories. One exhibit of extracted honey is defined as three (3) identical one-pound jars, as specified in rule #20 under the General Rules of the Honey Show. Closures may be of metal or plastic. Tamper-proof seals are strictly prohibited; any exhibits submitted with any tamper-proof seal(s) will be severely penalized. Judges evaluate entries on the following: confirmation with the criteria set forth herein; cleanliness of the jar and lid; correct fill level; uniformity of the jars that comprise the exhibit; cleanliness and clarity of the honey; moisture content (only if needed); and aroma and flavor (for off aromas or flavors). *See Appendix hereafter for notes on correct jars and fill level.

The Exhibitor shall place one ID label, as provided by the honey show Secretary, on each of the jars comprising the exhibit. The labels should be affixed at the front, bottom, center of each jar, approximately ½ inch from the bottom of the jar.

Creamed Honey

Creamed Honey is judged in two subcategories: (a) natural, and (b) flavored. Exhibitors may submit one exhibit in each of these two subcategories. Creamed or Soft Set honey is honey that has been subjected to a manual or mechanical process to assist and control the otherwise natural process of granulation. An entry of creamed honey is three (3) identical wide-mouth jars, no less than eight ounces (8oz.), nor more than sixteen ounces (16oz.) in net weight. Creamed honey must be displayed in identical, clear, straight-sided, glass jars with one-piece lids. Judges evaluate entries on the following: confirmation with the criteria set forth herein; cleanliness of the jar and lid; correct fill level; cleanliness and purity of the honey; uniformity of product within the jar; fineness of crystals; appropriate set or firmness (should be spreadable but not runny); freedom from foam, frosting, or visible moisture; striation, or colors; uniformity of the jars that comprise the exhibit; aroma and flavor (for off aromas or flavors); and moisture content (only if in question).

The exhibitor must submit a white card describing the process and procedure (including all steps and equipment) employed to produce their creamed honey.

The Exhibitor shall place one ID label, as provided by the honey show Secretary, on each of the jars comprising the exhibit. The labels should be affixed at the front, bottom, center of each jar, approximately ½ inch from the bottom of the jar. An ID label should also be affixed to the white card accompanying the exhibit.

Chunk Comb Honey

One entry of chunk comb honey is three (3) identical one-pound jars. Chunk comb honey must be displayed in straight sided, uncolored, glass, wide mouth jars. The glass should not be embossed. Such jars are available from many commercial beekeeping suppliers. Only one chunk of comb should be in each jar for competition. The chunk of comb must be in one piece, of uniform thickness, and with a straight mid rib. Virgin comb with this year's wax is preferred. All wax foundation should be unwired, thin surplus. The cuts should be clean and uniform. The chunk comb should be cut and sized to appropriately fit the container. The honey should fill the rest of the jar to the correct fill line. The comb should be oriented in the container as found naturally in the hive. Comb with watery cappings should be avoided. The comb should extend the length of the jar. The chunk of comb should account for at least

fifty percent (50%) of the internal volume of the jar. Judges evaluate entries on the following: confirmation with the criteria set forth herein; cleanliness of the jar and lid; correct fill level; uniformity of the jars that comprise the entry; cleanliness and clarity of the honey; absence of pollen, brood, uncapped cells, “wet” or “watery” cappings, or travel stains on the cappings; freedom from granulation; absence of floating wax debris in, or on the surface of, the honey; moisture content (only if needed); and aroma and flavor (for off aromas or flavors).

The Exhibitor shall place one ID label, as provided by the honey show Secretary, on each of the jars comprising the exhibit. The labels should be affixed at the front, bottom, center of each jar, approximately ½ inch from the bottom of the jar.

Cut Comb Honey

An exhibit of cut comb honey is three (3) identical boxes. The boxes must be transparent on all sides made for displaying cut comb. Each box of cut comb should weigh a minimum of twelve (12) ounces. The chunk of comb must be in one piece, with a straight mid rib and of uniform thickness. Virgin comb with this year’s wax is preferred. All wax foundation must be unwired, thin surplus. The cuts should be clean and uniform. There should be no leaking of honey from the comb into the box. Judges evaluate entries on the following: confirmation with the criteria set forth herein; uniformity of the items that comprise the entry; uniformity of appearance and color (including the honey in the comb); cleanliness of the container; completeness of cappings; cleanliness and clarity of the honey; absence of pollen, brood, uncapped cells, “wet” or “watery” cappings, or travel stains on the cappings; freedom from granulation, pollen, and brood; moisture content (only if needed); and aroma and flavor (for off aromas or flavors).

The Exhibitor shall place ID one label, as provided by the honey show Secretary, on each of the containers comprising the exhibit. The labels should be affixed at the front, bottom, center of each container.

Full Frame Comb Honey

Full frame comb honey is judged with shallow or medium frames. An exhibit of full frame comb honey is one (1) standard Langstroth style frame of capped honey. The use of plastic foundation is prohibited; exhibits with comb drawn on plastic foundation will be severely penalized. Frames must be shown in appropriately sized protective casing and both sides of the comb should be visible. There should be no leaking of honey from the comb into the case. Black Jar

An entry consists of not less than two ounces, nor more than four ounces, of pure, unadulterated honey. The required jar will be provided by the Show Secretary at the sign-in table, and the Exhibitor

will transfer their entry into the jar and return the exhibit to the Show Secretary. Judges evaluate entries for flavor only.

The Exhibitor shall place one ID label, as provided by the honey show Secretary, on the exhibit. The label should be affixed at the front, bottom, center of the jar, approximately ½ inch from the bottom of the jar. *Black Jar entries are not eligible for Best in Show.

FOOD ITEMS MADE WITH HONEY (Category F)

PLEASE READ CAREFULLY: Exhibitors should be aware and keep in mind; this is a honey show. These beverage & culinary categories have been specifically chosen because of their ability to showcase honey as an ingredient. The influence and impact of honey on the finished product will be the first, and ultimate, factor the judges will consider when making final awards. The stronger and more pronounced the flavor and aroma of honey is in the finished product, the greater the preference that exhibit will receive from the judges. Conversely, an exhibit of otherwise exceptional quality that does not taste or smell profoundly of honey, will not be placed highly despite the presence of other exceptional qualities.

Baked Items made w/Honey

An Exhibitor may submit one example of a baked item prepared by the Exhibitor. An exhibit consists of no less than six (6) pieces or servings. The recipe for the exhibit must include honey produced by the Exhibitor. All entries will be tasted. Entries are to be presented on a cardboard base, in a standard, unembellished, cardboard baker's or cake box; cake boxes with clear windows are also acceptable. All entries will be tasted. Judges evaluate entries on the following: appearance, uniformity, moistness, texture, aroma, flavor, influence of honey on the finished product, and originality. *A white card with a

description of the item and the recipe (including all ingredients, ingredient quantities, & procedure) must accompany each exhibit.

The Exhibitor shall place one ID label, as provided by the honey show Secretary, on the top, exterior panel of the box the exhibit is submitted in approximately ½ inch from the front edge of the box.

Appendix

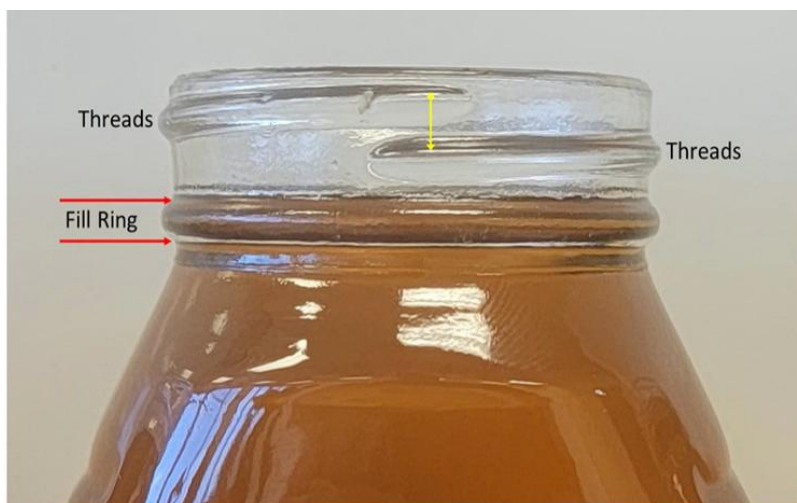

Notes on Correct Fill Level:

The correct fill level on honey entries is at the top of the fill ring of the jar, without going over.

The fill ring is the raised ridge, or ring of glass, immediately above the shoulder of the jar and below the threads. It can be distinguished from the threads in two ways:

- a. the fill ring forms a complete circle, without ends; and
- b. the fill ring will be completely parallel with the bottom and top of the jar.

Liquid honey in a circular shape forms a concave surface sometimes referred to as a meniscus. For the purpose of filling jars, the edge of the meniscus should clearly be at the top of the fill ring, without going over.

Jars

Extracted honey should be entered in 1-lb queenline or classic jars.
